## A note from our President

As the President of the Southern Border FCC I would once again like to take this opportunity to say hello to you all .

The Southern Border Fancy Canary Club has been holding its annual show for 105 years which I believe is the oldest all border show in England.

I hope the breeding season went well for you all and that you have many young borders ready to show.

As each year passes our members are depleting with no new fanciers coming into the fancy and this makes the hobby's future uncertain. Hopefully we will continue to keep our shows going for the benefit of the border fancy.

I have met many people in the border fancy over the years and made some great friends. I believe that the hobby is surviving, but to survive we need to support each and every club. Shows such as the Southern Border can only survive with your continued support and your birds being exhibited at our show.

The committee and I would like to thank you for your continued support.

I wish you all good luck and hope to chat with you at the show and during the show season.

Best wishes—Tom Foster

## On a sad note

**As I put the final touches to this years schedule it is with a sad heart that I hear of the passing of John Hocknull on 13th July. Although not a member of the Southern Border club, John supported the annual show regularly with the other Isle of Wight boys. John was a good border man and a true gentleman, he will be sadly missed by all.**
