Biosecurity Advice Notice.

We recommend that you read the current advice issued by Defra regarding bird gatherings.

<https://www.gov.uk/government/publications/bird-gatherings-general-licence>

The recommendations contain the following advice to all participants;

- A recommendation that birds should be health checked before travelling to any gathering.
- A recommendation that any birds travelling from a gathering to any premises (whether they are returning stock or to a new location) must be isolated from other birds at that premises and health monitored for at least one week afterwards.
- Ensure that all baskets, crates are clean. No soiled or visibly contaminated baskets, with bird droppings or other material of bird origin, other than faeces produced during transportation of the birds to the gathering will be allowed into the venue.
- Thorough cleansing and disinfection of all surfaces exposed to the birds or faecal material must be carried out as soon as practicable and before the next event/used again.
- Ensure that you maintain good biosecurity practices and these are adhered too throughout the show.

By completing your details overleaf you confirm that you have read and will comply with the biosecurity information provided and will follow instruction from the show organisers. You also confirm that to the best of your knowledge your birds have not been in contact with any notifiable avian disease agents and do not show any signs of infection. The address of the premises of the origin of the birds is not from within a Protection, Surveillance or other notifiable avian disease controlled zone or from an Avian Influenza Prevention Zone.
