As per our call, I can confirm that at current, if the psittacines and passerines (budgies, parrots, canaries and similar species) are kept within a dwelling or dedicated bird house with no access to the outside, they are exempt from the mandatory registration requirement.

This information can also be found using the following link - [Poultry and other captive birds: registration in Great Britain - GOV.UK \(www.gov.uk\)](http://www.gov.uk/government/topics/poultry-and-other-captive-birds).

Many thanks,.
